'My vote is not for sale'

Assembly Speaker Kageri administers oath to electorates

Assembly Speaker Vishweshwara Hegde Kageri** (extreme left) **administering the oath to the voters at Kalamandira in city this morning.

Mysuru, Jan.19 (RK&DM)- Asserting that electoral reforms are a continuous process, Karnataka Legislative Assembly Speaker Vishweshwara Hegde Kageri asked the voters to take the pledge 'My vote is not for sale' to ensure that they are ruled by a democratically elected Government in the true sense.

He was speaking after inaugurating the interaction programme on the topic 'The need for reforms in electoral system' organised jointly by the District Administration and Mysuru City Corporation (MCC) at Kalamandira here this morning.

Reiterating the need for launching 'My vote is not for sale' campaign, Kageri said that political parties too must take initiatives for carrying out public awareness on the necessity of people to exercise their franchise with responsibility.

'Youths play a key role in nation's development. The highly educated, graduate voters, retired persons and elderly citizens should educate and guide the youths in making a perfect choice to represent them in the Assembly, Parliament and all other such Constitutional bodies. The voters must ensure that the best candidate of the lot is elected in a democratic set up. The NOTA (None of the above) option should be exercised only as a last resort," he said, while advising the youths not to lose any opportunity for exercising their franchise.

Observing that both the young and elderly voters alike should act as watchdogs of Parliamentary system of democracy just as our soldiers are guarding the country's borders, Kageri reiterated that electoral reforms are a continuous process with advancements in science and technology.

Pointing out that some of the reforms included issuance of Voter ID cards, use of fool-proof EVMs (Electronic Voting Machines), introduction of NOTA and the latest being linking of Voter ID card with Aadhaar card, Kageri recalled that our democratic system is so robust that a person from a lower strata of the society has become the President and a tea-seller, the PM.

Highlighting the achievements of the country post-independence, Kageri said that India has become a global leader now especially after the country came up with COVID vaccine in a short span of time.

"India has got the G-20 Presidency purely out of its outstanding progress in several fields and sectors. More and more countries are now looking at India for redressal of global and regional problems," he said.

Maintaining that youths should take pride in *Swadeshi* movement and global excellence in many fields, the Assembly Speaker opined that the country's Constitution is one of the very best in the world.

Continuing, Kageri stressed on the need for eliminating, muscle and money power and caste politics in polls.

Noting that apart from politicians and political parties, the four Pillars of our democratic set up — The Judiciary, Legislature, Executive and Media — too should take the blame for deteriorating standards in our electoral system, he however, observed that continuous electoral reforms offer hope for purity of polls in the days to come. He appealed all voters to take part in electoral process without fail.

Energy Push: 28 works worth Rs. 116.17 crore to be launched in Mysuru tomorrow

Mysuru-Bengaluru Expressway to have 10 EV charging points

Mysuru, Jan. 19 (RKB&BCT)- The Chamundeshwari Electricity Supply Corporation (CESC), Mysuru and Karnataka Power Transmission Corporation Limited (KPTCL), Bengaluru, are launching 28 development works including inauguration and laying foundation stones for various works in Mysuru, Mandya, Hassan, Chamarajanagar and Kodagu districts.

The estimated cost of the projects is Rs. 116.17 crore and the main launch event will be held at Maharaja's College Grounds in city on Jan. 20 at 11.30 am where Minister for Energy V. Sunil Kumar will be inaugurating the development works in the presence of Mysuru District Minister S.T. Somashekar.

CESC Managing Director Jayavibhavaswamy told reporters yesterday that the elected representatives from all five districts have been invited to the programme. The works include 66/11 KV Sub-Station at Chamalapura (B.C. Halli) in T. Narasipur taluk which has been established at a cost of Rs. 4.61 crore. The Sub-Station will improve electricity distribution and address voltage issues in 15 to 20 villages.

Divisional Offices and Branch Offices

This apart, CESC's Divisional Offices will be inaugurated at K.R. Nagar, Maddur and Madikeri while the Sub-Divisional offices will be launched at Ramakrishnanagar in Mysuru, Keragodu in Mandya district and in Mandya town. The branch offices will be inaugurated at Jayapura, Gaddige, B. Matagere, Hanagodu, Alanahalli, Basaralu and Malavalli, Jayavibhavaswamy said.

In addition, the foundation stone for CESC Divisional Offices at K.R. Pet, Sub-Divisional Offices in H.D. Kote, Periyapatna and Gundlupet, and Branch Offices at H.D. Kote and Kanakatte — will also be laid tomorrow.

EDITOR'S BOTTOMLINE

Before readymade garments took my fancy, I was a loyal customer of a particular tailoring shop in my hometown. Every time I visited the shop, either to give fabric or to collect my dress, I would be awed by the tailor's unfailing memory for measurements. He would retain all the data on body dimensions in his memory till he had completed taking all the measurements in one go. He never erred in recalling all the sizes when he subsequently jotted them down on his pad.

Now, 30 years later, I continue to marvel at the tailor's aptitude, especially as I struggle to remember a 6- or 8-digit OTP for a couple of seconds. I have to flip back to the SMS screen twice or three times before I can enter the OTP. I can't use my advancing age as an alibi for memory loss because the tailor back then was as old as my present age or even older. After deep contemplation and research, I learned there are nuances and layers to memory; it may be broadly categorised as "general" and "specific." Tailors possess "specific" memory that is transaction-based. They develop this skill with practice as they repeatedly retain in their memory the measurement figures of body contours for a couple of minutes. I am sure the tailor forgot the numbers soon after he wrote them down. Likewise, another variant of "specific" memory is episode-based. This latter category has subjected me to embarrassment quite often.

I start looking frantically for my reading glasses, only to be pointed out by my amused spouse that they are resting on my forehead. I would have lifted the specs from my nose to rest on the upper rim of my forehead for a brief break from reading. And then it skips my mind altogether.

I also realised that "specific" memory, like other life skills, can be sharpened with practice: I have now memorised many numbers, including my bank account, credit card, passport, Aadhaar and of course the mobile number of my wife, for instant retrieval from memory as and when required. — *Chander Gupta in Deccan Herald*

Chandelier earrings that actually light up

New York: Diana Caldarescu is a talented technical designer and fashion illustrator based in New York, who specialises in chandelier-shaped earrings that actually light up. Having miniature chandeliers hanging from your earlobes may sound kitsch, but if that's the style you are going for, you may as well go big with the amazing light-up chandelier earrings of Diana Caldarescu. The young artist creates these wonders out of brass, sterling silver, 14-karat gold and glass crystals and adds LED-tipped candles that actually turn on. Thanks to power provided by a small battery pack hidden behind the wearer's ear. Growing up in Los Angeles, Diana often dressed in vintage-style when going to see old movies at various theaters around the city and it was these experiences that inspired her to create her amazing chandelier earrings.

Glow Worm Tunnel: An otherworldly tourist attraction

Helensburgh: The small Australian town of Helensburgh is home to one of the most amazing places on the planet – an abandoned railway tunnel that glows an eerie blue at night.

The Helensburgh Glow Worm Tunnel is an abandoned rail tunnel in Helensburgh, New South Wales which has become famous both for the ghost stories surrounding it and the glow worm colony that give it its iconic bioluminescent blue glow. Originally known as the Metropolitan tunnel, the 624-meter-long underground passage was inaugurated at the end of the 19th century. However, it closed down a couple of decades later and remained abandoned until the mid-90s, enough time for a colony of glow worms to claim it for themselves...

REALLY...?

- ***Owls sometimes eat other owls. Owls feed the strongest babies first: As harsh as it sounds, the parents always feed the oldest and strongest owlet before its siblings. This means that if food is scarce, the youngest chicks will starve. After an owlet leaves the nest, it often lives nearby in the same tree, and its parents still bring it food. If it can survive the first winter on its own, its chances of survival are good.***

Mysuru-Bengaluru Expressway: Collect toll after due procedures

Sir,

Recent reports have indicated that Mysuru-Bengaluru Expressway will not have access to two-wheelers and three-wheelers.

I perceive that National Highways Authority of India (NHAI) and the Government is contemplating a hefty toll in this NH 275 Expressway.

I would like to mention that toll is not a tax. It's the money collected to maintain the Expressway as road worthy.

While the Expressway is new, the contractor has to maintain for a definite defect liability period mentioned in the tender.

Therefore, the NHAI and the Government should not be in a hurry to collect toll as soon as it is opened for traffic or practical completion order is issued to the contractor. We hope that due deliberations are maintained as per tender and policy in this regard.

Good response to all five 'Namma Clinics' in Mysuru

Clinics commissioned at H.D. Kote, Hootagalli, K.R. Nagar, Srirampura and T. Narasipur

Mysuru, Jan. 19 (GA&BCT)- Even as the BJP Government's ambitious 'Namma Clinic' project hitting a hurdle in Bengaluru as opening of many such Clinics is getting delayed due to lack of space and staff, the five 'Namma Clinics' that have been commissioned in Mysuru have seen good response in one month.

Over 2,900 patients have availed free treatment and medical facilities at the Clinics at H.D. Kote, Hootagalli, K.R. Nagar, Srirampura and T. Narasipur from Dec. 16, 2022 to Jan. 16, 2023.

In all, the State Government has planned to launch 437 'Namma Clinics' across the State, till now, the authorities could manage to open only 114.

The 'Namma Clinics' cover a population of 15,000 to 20,000, specifically targeted to areas having a large number of economically vulnerable sections of society. Each Clinic is staffed with one Medical Officer, one Staff Nurse, one Lower Division Clerk and one Group D staff. In addition, staff is also borrowed from the nearest Primary Health Centre (PHC) in case there is a rush of patients.

Patients can avail free consultations, free medicines and free lab tests. In case the patient needs further treatments at secondary and tertiary care facilities, they are provided free referral.

'Namma Clinics' are also helping screen diseases, especially non-communicable and lifestyle diseases, at an early stage thereby making treatment much quicker and mitigating life-threatening complications that occur at advanced stages of the diseases.

The clinic functions from 9 am to 4 pm and there are care facilities for pregnant women, post-delivery care for mothers and children, vaccination and other treatment facilities. The clinics address the healthcare needs of the urban poor, especially people falling below the poverty line and people living in huts and slums.

In addition to providing healthcare, the 'Namma Clinics' are also focussing on creating awareness about Government healthcare schemes. At the five 'Namma Clinics' set up in Mysuru, over 2,975 persons, including 1,473 men and 1,502 women, have been treated for various ailments in one month from Dec. 16, 2022 to Jan. 16, 2023.

Among the 'Namma Clinics' in Mysuru, the one established at Hootagalli is seeing good response with 722 patients. 668 patients have been treated at Srirampura, 591 at T. Narasipur, 506 at K.R. Nagar and 488 patients have been treated at H.D. Kote 'Namma Clinic.'

The main constraint to establish the remaining 'Namma Clinics' is that the Health Department is not getting eligible doctors and at present, they are being appointed on contract basis. Many MBBS graduates are not willing to work at 'Namma Clinics' and moreover, the forthcoming NEET is also hindering recruitment as Medical graduates are preparing for the exams and have expressed inability to work at 'Namma Clinics.'

The State Government is now mulling to recruit over 150 doctors after counselling under the compulsory service. As per the yet-to-be approved plan, the doctors must work at the 'Namma Clinics' for one year and new batches will be appointed every year.

BJP to take out 'Mane Mane Abhiyana' from Jan. 21

Mysuru, Jan. 19 (MTY&DM)- Making a headstart for the forthcoming Assembly Polls, the District BJP will launch a 'Mane Mane Abhiyana' (Door-to-Door Campaign) in all Booths for nine days from Jan. 21.

Addressing a press meet at the party office in Chamarajapuram here yesterday, District BJP President Mangala Somashekar said that the campaign will sensitise the people on the benefits of Centre and State double-engine Governments and the schemes, projects, plans and programmes launched by both the Governments.

Pointing out that there are 1,788 Polling Booths in rural pockets of the district, Mangala said that more than 1,400 WhatsApp groups have been formed in order to have a direct contact with the voters.

Stating that all Booths coming under Mandals and Shakti Kendras of the party will be covered, she said that graffiti highlighting the achievements of the Central and State Governments will be distributed to every household.

A party membership campaign through missed call too will be launched soon, she added.

The Abhiyana's District Convenor Pratap G. Devanur said that Higher Education Minister Dr. C.N. Ashwathnarayan, who is also the Mysuru Division in-Charge of Election, will launch the Abhiyana at Nanjangud on Jan. 21.

Stating that the District Unit has been making preparations for the success of the Abhiyana for the past 10 days, he said that the party has set a target of enrolling 3 lakh members.

Maintaining that the party has reached out to more than 7 lakh voters out of the 15 lakh voters in the district, Pratap said that the PM's speech during his weekly 'Mann Ki Baat' programme on AIR, will be publicised.

Asserting that he too is a contender for the BJP ticket from Varuna Assembly segment, Pratap said he would, however, welcome the candidature of State BJP Vice-President B.Y. Vijayendra if the party opts for him (Vijayendra). Contending that he is actively engaged in the party organisation, he said that he was hopeful of getting the party ticket in case Vijayendra was not going to contest from Varuna.

KEA Chairman Mirle Srinivas Gowda, Office-bearers Suryakumar, Kendagannappa, Dasaiah, Venkataramana Shetty and others were present.

Rider killed after falling from bike

Mysuru, Jan. 19- A two-wheeler rider, who had sustained serious injuries after falling from the bike at Giriyabhovipalya Gate junction and admitted to a private hospital, has succumbed to injuries.

The deceased is 45-year-old Shekar, a resident of K.N. Pura here.

On Jan. 16 at about 2.10 pm, Shekar, who was proceeding on his bike, lost control of the vehicle and fell down resulting in him sustaining serious injuries.

Multi-Modal Logistics Park at Kadakola by December 2023

State-of-the-art facility to revolutionise Mysuru region's logistics landscape

Mysuru-Kodagu MP Pratap Simha inspecting the construction site at Kadakola in Nanjangud yesterday along with a team of senior officials of CONCOR.

Mysuru, Jan. 19 (BCT)- The Multi-Modal Logistics Park or Inland Container Yard (ICD) at Kadakola in Nanjangud being built by the Container Corporation of India (CONCOR) will be ready for inauguration in December this year. However, the operations will start by June or July, said Mysuru-Kodagu MP Pratap Simha.

The project is being undertaken with stringent adherence to quality and as per the CONCOR standards and is coming up at an area of 67 acres of land that has been acquired by the Karnataka Industrial Area Development Board (KIADB) and handed over to CONCOR.

Inspecting the construction site along with a team of senior officials of CONCOR yesterday, the MP said that 45 percent of the civil works have been completed and the facility will begin operations either by June or July this year. "All the works will be completed by December 2023 and will be ready for a formal inauguration," the MP said.

This is the third Inland Container Yard in Karnataka by CONCOR after Whitefield in Bengaluru and one in Mangaluru and the Mysuru facility is being built at a cost of Rs. 100 crore. Officials said that the project will cut transportation costs, boost merchandise activities and give a fillip to industrial development in the region.

Boost for industrial activity

The ICD will boost industrial activity in the entire region and it is more conveniently located than the one at Whitefield in Bengaluru for exporters from Mysuru, Mandya, Hassan, Chamarajanagar and Kodagu Districts.

As part of the project, there are two Railway lines and a huge warehouse. The electrified double track between Bengaluru and Mysuru will help transport container shipments from this ICD to different locations including Mangaluru Port and other logistically important destinations.

Officials said that at present, the load of container shipments from Mysuru region is over 1,000 containers per month and the bulk of the traffic goes to ports in Chennai, Tuticorin or Mangaluru by road. This, however, is expensive and also clogs roads. "With the Multi-Modal Logistics Park or the ICD, the load is set to grow and there will be an ease of transport too," they said.

Customs clearance locally

The facility will have a cold storage unit and facilities for Customs clearances for export and import cargo. At present, Customs clearance is obtained by industrialists of the Mysuru region at ports and now the facility will come to their doorstep, officials explained.

The ICD will enable industrialists to transport finished goods and raw materials through the CONCOR set up to major ports and cities as there is rail connectivity to almost all major cities, towns and ports including Mangalore Port and Chennai Port. "This would not only give a boost to exports from the region but also reduce the lead time taken to ship the containers to the ports," Pratap Simha said.

Products that are exported from the Mysuru region include general engineering products, coffee, electronic items and agro- and horticulture-based products.

Ban on cattle fair and transportation

Mysuru, Jan.19- As a measure to prevent spread of the deadly Lump Skin Disease (LSD) cattle pandemic, the Mysuru Deputy Commissioner has banned all cattle fairs and transportation of cattle in the district till Feb.10.

Accordingly, cattle fairs and inter-District and inter-State transportation of cattle has been barred as a measure to check the spread of the disease, according to a press release.

Kidwai Memorial Institute of Oncology in Mysuru

Hospital Director, top officials meet MP; discuss formalities

Mysuru, Jan. 19 (BCT)- The ambitious plan of Kidwai Memorial Institute of Oncology, Bengaluru, to establish a **Regional Kidwai Memorial Hospital in PKTB Sanatorium** premises on KRS Road in Mysuru and a **Palliative Care and Research Centre at Dadadakallahalli village** in Yelwal Hobli of Mysuru taluk received traction yesterday with a meeting between the Hospital authorities and Mysuru-Kodagu MP Pratap Simha.

Director of the State-run Kidwai Memorial Institute of Oncology Cancer Research and Training Centre Dr. V. Lokesh and other top officials of the Hospital met the MP at his Office in Jaladarshini Guest House on Hunsur Road in city and discussed the formalities including land transfer to construct the 350-bed Peripheral Cancer Care Centre and the Palliative Care and Research Centre.

The State Government has already approved the sanction of Rs. 50 crore to establish the Peripheral Cancer Care Centre (Regional Unit). The total estimated cost of the Peripheral Cancer Care Centre is Rs. 250 crore and it will be located in the premises of Trauma Care Centre next to Princess Krishnajammanni Super Speciality Hospital, KRS Road. It will be set up with the Centre's assistance and will provide medical care to the patients who are spending the last days of their lives.

It may be recalled here that in May 2022, Additional Chief Secretary (Revenue Department) had asked the then Mysuru Deputy Commissioner Dr. Bagadi Gautham to reserve 18 acres of 'Gomala' land coming under Survey No.125 of Dadadakallahalli in the name of Medical Education Department to establish the Cancer Research Unit and Palliative Care Centre. Dadadakallahalli is 24 kms from Mysuru city and is on Hunsur Road (NH 275). The establishment of Kidwai Hospital would hugely help cancer patients from Mysuru and surrounding districts such as Kodagu, Hassan, Chamarajanagar and Mandya.

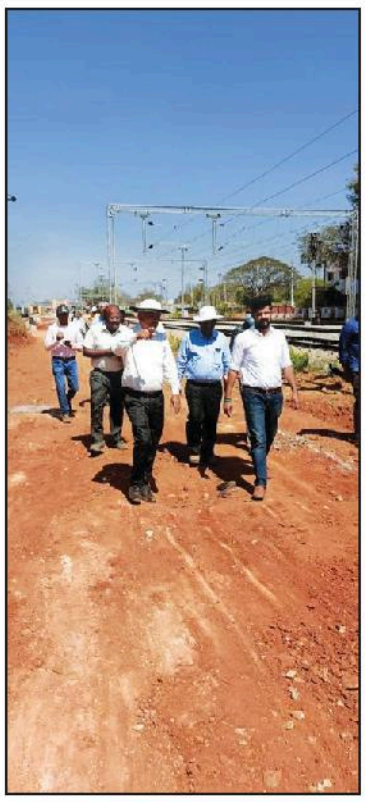
It has been a long-pending demand for a dedicated cancer care facility in Mysuru. The Hospital will be complementary to Mysuru becoming a healthcare hub as the premier Sri Jayadeva Institute of Cardiovascular Sciences which is functioning from its independent premises on KRS Road.

In the 2021-22 budget, Regional Cancer Treatment Centres in Mysuru and Shivamogga were announced at a cost of Rs. 100 crore on the lines of Kidwai Memorial Institute. Soon after the announcement, Kidwai Institute took up the works for Mysuru Kidwai Centre.

Pratap Simha inspects Ashokapuram Station Yard remodelling works

Mysuru, Jan. 19 (BCT)- MP Pratap Simha yesterday inspected the progress of the Yard remodelling of Ashokapuram Railway Station taken up by the South Western Railway to create additional stabling lines to overcome capacity constraints of Mysuru City Railway Station and to augment the berthing capacity.

Speaking to officials, the MP said that the Station has to be developed as the second Railway Station in Mysuru to give a breather to the City Railway Station that has severe space constraints and mounting pressure of expanding train networks. The works are being undertaken at an estimated cost of Rs. 30.42 crore. The tentative completion of Phase 1 is February 2023 while Phase 2 is targeted for completion in June 2023.



Suttur Jatra: 115 couples tie knot at mass marriage

Nanjangud, Jan.19 (Chandru& BS) - A total of 115 couples entered into wedlock at the mass marriage ceremony organised on the second day of Adi Jagadguru Sri Shivarathri Shivayogigala Jatra Mahotsava (Suttur Jatra) at Suttur Sri Kshetra in Nanjangud taluk this morning.

Mysuru-Bengaluru Expressway to have 10 EV charging points

The 10-lane Access-Controlled Expressway between Mysuru and Bengaluru, one of the ambitious projects of old Mysuru region, will get 10 electric vehicle (EV) charging points.

"We have identified 10 places to set up EV charging stations. They will be primarily established near the toll gates and at accessible places where there are restaurants and resting places," CESC Managing Director Jayavibhavaswamy said yesterday.

The 10 charging points include the 205 places shortlisted for establishing such stations in Mysuru, Mandya, Chamarajanagar, Hassan and Kodagu districts coming under CESC jurisdiction.

The charging stations will ensure EV drivers do not face any charging issues while driving on this stretch. The Central Government has proposed these centres under the Faster Adoption and Manufacturing of Hybrid and Electric vehicles (FAME) phase II.

"We have submitted proposals on EV charging stations to BESCOM which is the Government-appointed consulting agency for EV stations. People who want to set up charging stations on their private land can approach CESC and we will coordinate with BESCOM to facilitate their establishment," he added.

Grand start for Suttur Jatra Mahotsava

Nanjangud, Jan.19 (BS)- Adi Jagadguru Sri Shivarathri Shivayogigala Jatra Mahotsava, popularly known as Suttur Jatra Mahotsava, got off to a grand and colourful start at Suttur Sri Kshetra in the taluk yesterday.

Former Chief Minister Jagadish Shettar inaugurated the exhibition organised as part of the Jatra, in the presence of Suttur Seer Sri Shivarathri Deshikendra Swamiji, Hosamutt Seer Sri Chidananda Swamiji and Sri Sachchidananda Bharati Sripadam.

Social Welfare Minister Kota Srinivas Poojary inaugurated Samskruthika Mela and released 'Bhajananjali' book. Agriculture Minister B.C. Patil inaugurated Krishi Mela, State BJP Vice-President B. Y. Vijayendra launched 'Millets Mela' and MLA Dr. Yathindra Siddharamaiah inaugurated the boating facility as part of the annual event.

Health check up camp, Rangoli and Sobane contests were also inaugurated on the occasion. MLA C. S. Niranjan Kumar was the chief guest.

Dr. V. Lokesh from Kidwai Memorial Institute of Oncology, Bengaluru, delivered a lecture on cancer. Earlier, *Mahasankalpa Poorvaka Maharudrabhisheka* was conducted at 'katru gadduge,' followed by special puja at the temples.

Sri Channabasava Deshikendra Swamiji from Kodagu hoisted the flag while Ukkina Mutt's Sambasadashiva Swamiji delivered a discourse.

At 8 am, *abhisheka* and *mahamangalarati* were performed to the *Utsava Murthy* of Adi Jagadguru Sri Shivarathri Shivayogi and the *Utsava Murthy* was taken back from Sri Mutt to *Katru Gadduge* at 4.30 pm.

The rendition of folk songs, theatre songs, devotional songs and performance of bharatanatyam, followed by the staging of plays enthralled the gathering.

Mutts must check hatred in society: Shettar

Former Chief Minister Jagadish Shettar has said, "Reformations in society are possible if religious mutts check hatred in society by bringing reforms in academic and health fronts apart from creating awareness."

State BJP Vice-President B.Y. Vijayendra, MLA Dr. Yathindra Siddharamaiah and other VIPs enjoying boat ride at Suttur yesterday. *[Pics. by Vatal Anand]*

He was presiding over the inauguration of the Exhibition, Krishi, Siri Dhaanya and Samskruthika Melas, health check up camp and rangoli and sobane contests and boating, organised as part of Suttur Jatra yesterday.

"By bringing changes in the fields of health and education, Suttur Mutt is doing the works of the Government. The unity in the society is on wane while there is a rise in conflicts and distortion of peace. Suttur Seer should take the lead in bringing all communities together," former CM Shettar said.

Lauds PM's initiatives

Lauding the initiative of Prime Minister Narendra Modi for providing free vaccination in a most populous country like India, Shettar said, "It has helped in combating COVID-19 pandemic in the country. Modi is the example of a capable leadership who can bring enormous changes in the country. He has emerged as numero uno at global level. It is due to the lack of capable leadership that Pakistan has gone economically bankrupt. The Indian soldiers have shown the courage of fighting Chinese soldiers and Modi is the reason again for that," he added.

Agriculture Minister B. C. Patil said that "Unlike Agricultural Universities, the Krishi Mela at Suttur Jatra sets a model with innovative and organic farming methods, creating awareness among farmers and enrich their life."

Claiming that Government has taken various farmers welfare initiatives, Patil said that "The children of farm labourers and farmers are benefited by Vidya Nidhi programme, followed by the implementation of Raitha Shakti Yojane by giving a subsidy of Rs. 1,250 on diesel for 10 acres of land that will be announced on Jan. 31."

State BJP Vice-President B.Y. Vijayendra said "I am largely indebted for the love and faith of the people of Mysuru and Varuna. Whatever heights I may ascend in politics, I cannot repay their dues and will retain love and faith of the people."

Dr. V. Lokesh of Kidwai Memorial Institute of Oncology, Bengaluru, said "Every year cancer is diagnosed among 12 lakh people and the numbers will double in coming days. To stay away from cancer, one should consume more vegetables and exercise daily."

Suttur Seer Sri Shivarathri Deshikendra Swamiji and Edaneeru Mutt, Kasargod, Seer Sri Sachchidananda Bharati Sripadam graced the occasion.

MLC Marithibbegowda, Chairman of Karnataka State Safai Karmachari Commission M. Shivanna, Shilpa Jagadish Shettar and Coordinator of JSS Mahavidyapeetha G.L. Tripuranthaka were among those present on the occasion.

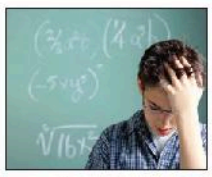
WORD OF THE DAY

Recondite



Pronunciation: REK-un-dyte.
Meaning: Recondite is a formal word used to describe something that is difficult to understand or something that is not known by many people.
Origin: It dates to early 1600s, when it was coined from Latin word reconditus, the past participle of recondere, "to conceal." ("Concealed" is also a meaning of recondite, albeit an obscure one today.) Remove the re- of recondite and you get something even more obscure: condite, an obsolete verb meaning both "to pickle or preserve" and "to embalm." Add the prefix in- to that quirky charmer and we get incondite, which means "badly put together," as in "incondite prose." All three words have the Latin word condere at their root; that verb is translated variously as "to put or bring together" and "to put up or store" — as in, perhaps, some pickles or preserves.
Example: "[Essayist, Roger] Angell was so engaged in the world, knew so many things—could readily reference recondite scientific theory, old Polish dances, and obscure novels for boys—that even close friends found the prospect of his judgment a little scary." — Nicholas Dawidoff

THE ODD WORD

Ranivorous

Eating frogs.

PHRASE OF THE DAY

Rest on your laurels

Meaning: To be satisfied with one's past success and to consider further effort unnecessary.

Origin: The laurels that are being referred to when someone is said to 'rest on his laurels' are the aromatically scented Laurus Nobilis trees or, more specifically, their leaves. The trees are known colloquially as Sweet Bay and are commonly grown as culinary or ornamental plants. That is the plant that laurel wreaths are made from. The origins of the phrase lie in ancient Greece, where laurel wreaths were symbols of victory and status. Of course, ancient Greece is where history and mythology were frequently mixed, so we need to tread carefully. The pre-Christian Greeks associated their god Apollo with laurel - that much is historical fact, as this image of Apollo wearing a laurel wreath on a 2nd century BC coin indicates. The reason for that association takes us into the myth of Apollo's love for the nymph Daphne, who turned into a Bay tree just as Apollo approached her (anything could happen if you were a Greek god). Undeterred, Apollo embraced the tree, cut off a branch to wear as a wreath and declared the plant sacred. Their belief in the myth caused the Greeks to present laurel wreaths to winners in the Pythian Games, which were held at Delphi in honour of Apollo every four years from the 6th century BC.

QUOTE BOX

Nothing wilts faster than laurels that have been rested upon.

—Percy Bysshe Shelley

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
